

NEW HALF-DOSE CARDIAC IMAGING AVAILABLE AT BCMh

Jennifer Edmonds, RT (N)
CDL Nuclear Technologies, Inc.

Braxton County Memorial Hospital recognizes the importance of providing up-to-date nuclear medicine services to our community and surrounding areas. We are pleased to offer physician ordered nuclear cardiac stress testing as well as other nuclear medicine exams. CDL Nuclear Technologies, Inc. has recently installed new software that reduces radiation exposure. This enhanced equipment allows HALF-DOSE cardiac imaging for those concerned with multiple radiation exposures. We are one of the few healthcare facilities in WV with this capability. Our equipment also accommodates patients weighing up to 500 pounds.

*HALF-DOSE
Cardiac Imaging
Available at Your
Local Community
Hospital*
